## 1. UNIFORM POLICY

Students and the Blacktown Girls High community take great pride in our school uniform. The appearance of our students has brought many praiseworthy comments locally and whenever our students have travelled for excursions.

The wearing of uniform encourages pride in the school and in oneself, helps the school community set standards and maintain good conduct and reduces to a minimum any undesirable distinctions between children because of clothing. The wearing of school uniform assists in the safe keeping of the students through ready identification and aids in the establishment of an appreciation that later in life for every vocation there is an appropriate standard of dress.

The Blacktown Girls High uniform was designed, and the Dress Code developed in partnership with students through the SRC, teachers and the school community. School Uniform matters are managed through a widely represented Uniform Committee and constructive suggestions from students and parents are encouraged.

The school uniform and dress code are detailed on the school's webpage and clarified on regular occasions at school assemblies.

Should families experience difficulties in purchasing uniform items, please contact the school to discuss possible access to some limited funding support or items available through the school's clothing pool.

We look forward to your support in helping us monitor the safety of your daughter and to maintain the positive image of the school in the wider community. Thank you in anticipation of your cooperation with this important school policy.
